Dear Mr. Pathak,

I am writing to express my interest in the Web Designer position at Google, as advertised. With a strong foundation in web design and a keen eye for aesthetics, I am excited about the opportunity to contribute my skills to your creative team.

As a recent graduate with a degree in Computer Science and practical experience gained through relevant coursework and personal projects, I have developed proficiency in HTML, CSS, and Adobe Creative Suite. My commitment to creating visually appealing and user-friendly websites aligns well with Google's design philosophy.

I am particularly drawn to Google due to its reputation for innovative design and commitment to delivering exceptional user experiences. I am confident that my skills in web design, attention to detail, and ability to collaborate effectively make me a valuable candidate for this position.

Thank you for considering my application. I look forward to the opportunity to further discuss how my skills and enthusiasm for web design can contribute to the success of Google.

Sincerely,

Abhishek Kumar
